Service information - Rotor replacement

Please note:

To ensure optimal flight characteristics, please regard the proper assembly and rotational direction of the propellers. The position of the marking (imprint/ stamp with letter A or B) can vary. It is placed on the up- or downside.

Flight direction from pilots view:
Forwards

Rotorblade – assignment

Number	Color	Label	Rotational direction
[1]	orange	A	right (CW)
[2]	orange	B	left (CCW)
[3]	white	A	right (CW)
[4]	white	B	left (CCW)
